

The REVIEW OF REVIEWS

JULY-DECEMBER, 1929

The alphabetical arrangement of the subject matter is modified in some instances by the grouping of related topics under such headings as Aviation, Congress, Education, Finance and Business, Music, Politics, Prohibition, Religion, Science, Sport, Travel. So far as space permits, cross-indexing of topics to general headings has been used. For material involving various countries it will be best to look under the names of those countries.
